

Blood supply low; drawing Wednesday

BY ELLIS CUEVAS

An American Red Cross Blood Drawing will be held on Wednesday from 1 to 7 p.m. at the Clement R. Bontemps American Legion home, Green Meadow Road, Bay St. Louis.

John Rutherford, Hancock County blood chairman for more than 35 years, said, "There is a tremendous need for blood at this time, as the Red Cross is having to bring in blood from other regions."

"The demand is greater and the supply is at its lowest. We need all who are 17 years or older, weigh at least 110 pounds and in good physical health to donate a unit of blood."

Rutherford reports that he has been visiting schools, industries, businesses and talking to individuals encouraging participation Wednesday.

Hancock Medical Center and the majority of Mississippi Gulf Coast hospitals receive their blood supplies from the American Red Cross.

A goal of 100 units has been set for Wednesday's drawing and Rutherford would like not only to make the quota, but to surpass it. He said, "During Desert Storm, we collected 144 units and with everyone's help, I feel we can top that number of units."

Local candidates gear up for Tuesday runoff election

BY TRACI BONNEY

It's campaigning as usual for the handful of candidates facing the October 8 runoff election.

All of the incumbents and challengers questioned said they are using the old-fashioned face-to-face approach to campaigning: the personal visit.

Incumbent county school superintendent Terrell "Terry" Randolph said he is "seeing as many people as I possibly can see, trying to pick up whatever votes I can from my two opponents who didn't make it to the runoff."

"I was slowed down for about a week with the vote recount, but I've managed to pick up some steam. My work schedule

and the shorter days only leave me about three hours a day to campaign, but I have had the weekends, too."

Challenger Myrna Bourgeois, an administrator with Gulfview Elementary School, also must deal with a

Meanwhile, three supervisors' races are up for a vote in the runoff. In District 2, Supervisor Ronald E. Cuevas faces challenger Alton A. "Dolph" Kellar, who garnered more votes than Cuevas in the September 17 primary.

In District 3, incumbent Lisa LeBon Coward squares off against Howard Lizana. In District 5, Supervisor Michael "Mike" Ladner faces Barney R. Necaise.

The winners of the District 2 and 5 races will go on to the November general election, while the District 3 runoff winner will become the next

Both Randolph and Bourgeois said they were optimistic about the runoff. Ran-

Randolph had a narrow lead over Bourgeois in the Democratic primary, but that lead was established only after the original vote was challenged and an error was found in the voting machines for three precincts.

County marshal offers fire safety tips

BY TRACI BONNEY

"Fire!"

That's one exclamation no one wants to hear in his home.

This week is Fire Prevention Week. Local fire departments are offering free inspections and conducting educational programs in the schools.

The free home inspection consists of an on-site evaluation of existing fire safety equipment and procedures, and advice on additional measures to ensure a safer environment.

Those interested should call 466-4709 or their local volunteer fire department to make an appointment.

County fire marshal Jay Marsh offered several tips for home fire safety. They include:

1. Install and maintain smoke alarms. "A smoke alarm is the cheapest form of insurance you can buy."

"You should check your alarms periodically to make sure the batteries are working."

When you put in a battery the alarm should beep for a short time, then shut off. If it won't shut off, you need to change the alarm."

2. Plan and practice to

5. Be careful cooking. Keep combustible items away from the stove — cooking oil, paper

escape. Marsh said every family should have a main route and an alternate route out of every room in the house, and should practice evacuating the house on a regular basis.

3. Give space heaters space. Make sure heaters have a clear area on all sides.

4. Smokers need watchers. In addition to providing large, deep ashtrays, homeowners should make sure cigarettes are not dropped onto the floor or furniture, that ashes are prop-

erly disposed of, and that they are not hot when they are thrown away.

6. Don't play with matches or lighters. "A match or lighter is a tool for an adult. In the hands of a child, it can be a very dangerous thing."

7. Use electricity safely. Replace frayed cords; leave space between electrical plugs and furniture or other items; don't tamper with fuse boxes or use improper size fuses.

8. Cool burns. If you get

Gas price war heats up in Kiln

BY JACQUI COCHRAN

Kiln gasoline vendors are still offering the best fuel prices around, dropping to 97.9 cents per gallon for regular unleaded at two stores this week.

The consumer advantageous situation began when about three weeks ago Dolly's Quick Stop opened for business on Highway 603 across from the established D&K Quick Stop.

D&K dropped the price of their regular unleaded gasoline from \$1.06 to 99.9 cents per gallon.

Dolly matched the move by reducing their gasoline and before you could blink an eye, Majik Market a mile north of the stations followed suit.

This week D&K took the spirit of competition a step further by reducing the regular

unleaded gas to 97.9 cents per gallon.

Dolly did not follow, but Majik Market did.

Dolly's co-owner, Steve Lee, said he was "hanging in" at 99.9 cents per gallon.

"We built here because we felt this area had enough business to support two quick stops."

"This weekend (October 4-5) we are having our grand opening and we anticipate an increase in business because we offer pure gasoline and good service at a fair price."

Lee commented that the price drops have afforded Dolly's tremendous exposure. "We have experienced the maximum amount of people in the least amount of time."

Bay-Waveland Flotilla seeking new members

BY ELLIS CUEVAS

The Bay-Waveland Flotilla No. 33 U.S. Coast Guard Auxiliary is seeking new members.

Flotilla Commander Milt Parmelee said, "At the present time due to the loss of older members and others moving out of the area, Flotilla No. 33 has numerous openings for good people interested in the activities of the Auxiliary."

The activities include search and rescue operations by water and air, and regular patrol of area waters, especially during holiday weekends, Parmelee added.

Courtesy boat examinations and teaching public education courses are also important roles of the Coast Guard Auxiliary. Those who qualify for membership, are offered more extensive training and courses in boating related subjects.

"Now would be an excellent time for persons, both men and women, to become members of the Auxiliary, in order to prepare for next spring's boating season," Parmelee said.

For further information, persons interested can contact Parmelee at 255-2098 or Frank Hopper at 467-3918.

Community involvement

doesn't stop when a person's work career does. For many individuals, retirement is when their community work starts or expands.

So it is with members of the Retired Senior Volunteer Program, a United Way agency.

RSVP director JoAnn Lagasse said, "The Retired Senior Volunteer Program views older people as an asset, not a liability. Senior citizens who have accumulated the knowledge and talents of a lifetime have used these abilities to benefit this community through RSVP since 1973."

RSVP currently has an enrollment of 430 volunteers over the age of 60. They serve more than 96,000 community service hours each year. If they were to be given the current minimum wage for their work (\$4.25 an hour), the members of RSVP would be paid about \$408,000 in one year.

But they aren't paid for their service to the community, which includes delivering meals to shut-ins five days a week through the Meals-On-Wheels program; providing

information and guided tours to visitors at the Waveland Hospitality Center; serving in local blood drives for the American Red Cross; helping at the Hancock County Food Pantry; participating in Toys for Tots and

delivering holiday baskets; and performing at area nursing homes and special events with the Singing Seniors.

Some of the men in RSVP participate in Project Grandpa, which provides young children from low-income families with a positive male role model.

Other RSVP members tutor children with learning disabilities and help people in local literacy programs; work in school offices and libraries as volunteers; and serve through the Hancock County Emergency Relief Program, which helps

Crisis Pregnancy Center offers 3 new programs

BY JANET MCQUEEN

Pregnancy can be a source of great joy or great trauma.

For those who experience the latter, the Bay-Waveland Crisis Pregnancy Center stands ready to help.

Three additional counseling

programs have been added to the free services offered at the Highway 90 location.

In the "Be A Friend" program, a volunteer works with a pregnant client in a one-on-one relationship, said CPC director Linda Mullen.

"Many of our clients are young women with a lot of needs. We hope to provide a woman mentor who would serve as a good role model."

"The 'friend' would visit the client once each trimester of the pregnancy, be available in case

of emergency, and just be a positive influence," said Mullen.

"We hope a friendship will develop between the two. Many women are able to volunteer in this capacity, since the visits can be scheduled at their convenience."

The Crisis Center provides a baby gift for the new mother, which is delivered by the volunteer.

POST ABORTION COUNSELING

In the second program, "Open Arms," the center offers

post abortion counseling by trained volunteers.

"We help the women work through their feelings, and deal with the unresolved anger resulting from abortion," said

"It is intended as a healing program, to help a woman deal with her past."

The patient may have recently had an abortion, or have had one several years ago. Most women don't realize difficulties until years later, noted Mullen.

"Those who have difficulty in childbearing usually experience feelings of extreme guilt. Others have ignored their feelings, thinking that time will heal the wounds—only to find depression."

"The patient must deal with it, and get on with her life. One woman we are helping had her abortion 15 years ago."

"We are here to love them,

and listen to what they have to say," said Mullen.

Trained volunteers Cindy Bordes and Miriam Smith will counsel those seeking help individually or in a small group setting.

LIFE SKILLS

A third new program seeks to enhance the domestic skills of a new mother. Machine and hand sewing classes are taught by professional seamstress Julie Meert.

Parenting skills and health and education tips are also offered, "to help the new mother to live better."

Mullen would prefer those taking the Life Skills class to

have completed the Crisis Education class, which focuses on increasing self-esteem and teaches goal setting. It is primarily designed for young women.

Life Skills classes will be each Thursday night, beginning October 17.

There are no fees involved for any of the programs offered at the Crisis Center. Those who would like to volunteer are asked to pay a \$15 fee.

"We are in desperate need of volunteers," said Mullen, who with two other women, is responsible for staffing the center during the day. Other volunteers man an information hotline 24 hours a day.

A volunteer training session will be Monday, Wednesday and Friday, October 21, 23 and 25 at 7 p.m. Those wishing to assist may contact Mullen at 467-3584, or call the hotline at 467-3444.

The center is solely supported by donations from individuals and local churches. They are presently in need of used maternity clothes. Donations are accepted at the center, located on US-90 past Waveland Avenue, next to Sueraine's Custom Cuisine.

burned, soak the burn in cool water for 10 to 15 minutes. Do not use butter or any kind of oil, since that will only make the burn worse. If your skin is burned, blistered or charred, see a doctor immediately.

9. Stop, drop and roll. If your clothes catch fire, stop where you are, drop to the ground and roll to smother the flames. Cover your face to protect it and your lungs. A blanket can also be used to smother flames by rolling it about the person.

10. Crawl low under smoke. If you can use an alternate route to avoid smoke, you should do so. However, if you must travel through smoke, the freshest air is a few inches above the floor. A wet cloth over the mouth and nose will help protect your lungs from the smoke and heat.

For those who plan to burn leaves and other items outdoors, Marsh offered the following:

It is legal to burn only leaves, branches and natural products.

Burn trash in a closed container such as a metal barrel. Keep the area around the fire clear of any debris or combustible items, and keep a water hose handy.

If the fire gets out of hand, call the fire department immediately.

Almost everyone enjoys cooking a meal out on the grill. But even here, there are some things you can do to ensure a

pleasant meal.

Marsh said barbecuers should use approved lighting systems such as lighter fluid, matches and charcoal briquets. Some people try to make their own briquets, Marsh said, out of such things as treated lumber, which can cause food poisoning.

The Choice Is Clear.

By Ellis C. Cuevas

The election process continues on Tuesday with the Democratic and Republican run-off elections.

It is important for everyone to get out and exercise their right in voting for the candidates of their choice. The candidates need your vote and support.

All qualified electors need to remind their friends and neighbors that Tuesday is election day.

There are some very important races to be decided, and your vote can make a difference.

I hope to see you at the polls. Remember, the polls are open from 7 a.m. to 7 p.m.

There will be an American Red Cross Blood Drawing on Wednesday, Oct. 9, 1 to 7 p.m. at the American Legion Home, Green Meadow Road, Bay St. Louis.

John Rutherford, Hancock County Blood Bank chairman, said, "The need is greater than ever for blood in the coastal area. Blood supplies are low, and the Red Cross has to bring blood in from other districts to meet the demand."

The drawing is open to anyone 17 years or older weighing more than 110 pounds and in good physical health.

Rutherford is asking for all employers to request their employees and members of their families and friends who are physically able to donate a unit of blood.

The American Red Cross supplies blood to Hancock Medical Center and to the majority of hospitals on the Mississippi Gulf Coast.

I hope to see you at the drawing Wednesday.

WASHINGTON REPORT

By Senator Thad Cochran

Military construction bill brings nearly \$37 million to Mississippi

U.S. Senator Thad Cochran said the action by the Senate Appropriations Committee this week will bring nearly \$37 million in military construction projects for the state of Mississippi.

Cochran, a member of the Senate Appropriations Committee, said the funds were included in the FY 1992 bill for construction of military facilities. The bill includes a total of \$8.4 billion for projects in the United States and overseas, he said.

The Mississippi funds include \$8.82 million for facilities and paving at Key Field in Meridian. The pavement improvements are needed because of the new mission as home to 10 KC-135 refueling planes. The first two planes will arrive at Key Field in December, and the unit officially will

begin its new assignment next spring, Cochran said.

Other funds included in the funding bill include:

—\$600,000 for work on the squadron operations facility at Columbus Air Force Base

—\$3.4 million for a training development squadron building at Keesler Air Force Base

—\$7 million to build a warehouse at the Seabee Base in Gulfport

—\$200,000 for a National Guard Armory at Marks

—\$992,000 for an overhaul maintenance facility for the National Guard in Tupelo

—\$600,000 for a maintenance facility at Camp Shelby, the National Guard training base near Hattiesburg

—\$1.2 million for paving roads at Camp Shelby

The full Senate is expected to vote on the bill next week.

LETTERS TO THE EDITOR

The only thing murdered is the King's English

Dear Editor,

Your Oct. 3 news-item about the "Life Chain" protest stated that this anti-abortion effort was "part of a quiet protest against an industry that murders more than a million babies a year."

A seed is not a sapling, a tulip bulb is not a tulip, salmon roe is not a fish and a hen's egg is not a chicken.

Within the bounds of com-

mon usage, science and law, an embryo is not an infant, a fertilized ovum is not a human being, unborn children are biologically impossible, and aborting a fetus is no more murdering a baby than a miscarriage is manslaughter. The only thing murdered is the King's English.

Sincerely,
Henry A. Fly

Firefighters put lives on line for safety of all

To the Editor,

At a recent meeting of the City of Waveland Aldermen, when it was time to vote on the city budget for 1992, Alderman Stan Weidman stated that the only city employees who deserved a raise were the policemen of Waveland. Mr. Weidman stated they deserved one, since they put their lives on the line.

We would like to inform Mr. Weidman about a well-known fact. When a man goes into a burning building or home to put out a fire, that is putting his life on the line. At that point, he puts his job and his life before anything else. His family and children are not important at that time. He is thinking of saving something of value for someone he probably does not know.

As wives of firefighters, it is very upsetting to know that there are people out there who do not appreciate what our husbands do to assist the public.

We are sure if it was your home on fire, or if someone in your family needed the medical assistance of the fire department, you would change your opinion.

Not only do our husbands put their lives on the line, they are on call 24 hours a day and are not paid to be available for any fire at any time of the day or night. This is time that our husbands are away from their families to be available to the public.

We sit and worry whether our husbands went the extra mile and could be hurt or even dead. In 1990, 102 firefighters were killed in the line of duty. If being a firefighter is not dangerous, and considered 'putting lives on the line,' then these lives would not have been lost.

By paying our firefighters adequately, we will encourage continued employment with the city. Before the raise, the firefighters of Waveland were not paid adequately for what they did. We have lost enough good firefighters to other jobs so they may support their families.

We feel our husbands' lives are valuable and worth the raise. We feel the citizens of Waveland would also agree. We support all city employees and the services they provide.

Sincerely,
Carol Zitterkopf

—Some few years ago the conditions of the Second Street Cemetery was anything but respectable. The fence was falling, weeds grew like in perfect wilderness and the sacred soil was trampled upon by roaming cattle. The situation was so self-appalling that a committee of citizens was formed, funds collected, and after much work with the necessary expenditure of much money the cemetery was placed in a most orderly condition. Since then nothing has been done and the work of time and decay is beginning to tell, and if neglected, the same labor and expenses will be exacted as the only remedy while a little attention now will be a saving worthy of consideration.

D&K Quick Stop manager Teresa Culpepper stated, "It has been very good for business."

I have people filling up all their vehicles in one day. The pumps are packed all the time."

Culpepper said D&K intends to maintain the price decrease as long as they can. "This is the same Chevron gasoline we were using before the price drop."

Majik Market is presently selling its regular unleaded gasoline for 97.9 cents per gallon. Supervisor Pat Mize declined all comment and referred questions to Mike Balcorn of the Florida Majik Market headquarters. Balcorn's office reported the gasoline used by the Hwy. 603 store was from Placid Refinery Company of Biloxi. It is a blended gasoline.

According to Lee, Dolly's purchases only "pure" gasoline as an independent. "We buy from Exxon, Spur or wherever the best price is available."

D&K's Chevron gas is also a pure gasoline, Culpepper stated.

Peggy Ladner, owner of the Kiln Supermarket, said her price remains fixed at \$1.04 for regular unleaded.

"We are a full line grocery store. My gas sales dropped about 25 percent in the past weeks, only in the regular

unleaded sales. But already I am seeing a comeback in those sales."

"We sell British Petroleum gasoline. They are the people who bought out Gulf. BP is a pure gas and known for being clean and slow burning. I have customers that won't put anything but BP in their cars."

"There is no point in participating in this price battle. There is just no end to something like that."

Cuevas said he is continuing his door-to-door and telephone campaigning. "I'm optimistic about the runoff. I've run a hard campaign, and I think it's been effective."

Kellar also is out contacting people, "trying to squash election rumors." He did not elaborate as to the nature of the rumors.

He added, "I've been doing a lot of listening and very little talking. The people I've met with are upset about past tax increases and the bad road conditions."

Coward said she has been "touching base with the people in my district, just renewing contact with them. I haven't had any major complaints from the people I've met. It's mostly been talk about the nice weather we're having, and things that are happening in the county."

"I think the weather will help get people out to vote. The air is nice and crisp right now; I think it will get people moving."

Lizana commented that he feels good about the race, and said he also is focusing on personal contacts. "I'm letting the people choose the issues, then talking about them. There are several issues people in the district are concerned with right now, so I just let them decide what they want to discuss."

Ladner said, "I'm going door to door, seeing people and building up support."

"I'm not complacent. I think the big point right now is the low voter turnout the first time. I hope more people turn out to vote this time."

Necaise said he has found in his door-to-door campaigning that "people want to know who you are, what you do and what you stand for. I'm doing a lot of listening and formulating ideas about how to solve problems."

"I feel like it's going to be a real close race in our district. It's been a clean race, and I'm glad for that. This campaign has been a real educational experience."

"Win or lose, I've really enjoyed meeting and talking with all the people in District 5."

Re-Elect Michael "Mike" Ladner Hancock County Supervisor, District Five

PROVEN LEADERSHIP In Economic Development AND

Quality of Life!

Mike has served his country and his county throughout his life.

The combination of being world traveled and a native Hancock County son, provides Mike with the broad range of ideas and ideals to preserve all that is wonderful about life here and capitalize on what can be improved!

- Representative to the Waveland Regional Wastewater Management Board.
- Fought to keep property taxes from increasing!
- Fought to keep county debt LOW - Hancock County utilizes only one-third of its borrowing capacity.
- Fought to create the five fire protection districts in the county to protect the citizenry and lower insurance rates!
- Directly involved with marketing old Hancock General Hospital building, resulting in new jobs and clean, safe living facilities for our impaired elderly.
- Worked to replace bridges and resurface more than 50 miles of roads in District Five.
- Past member of the Governor's Manpower Planning Council.
- Retired from United States Air Force.
- VFW Post, state and national officer.
- Served in occupational forces in Germany and the Viet Nam era - knows what change and hardship are!
- Owned and operated several businesses, including: real estate, retail and security businesses.
- Member of fraternal organizations: DAV (member), VFW (past Commander), American Legion (member), Knights of Columbus (member), Non-Commissioned Officers' Association (member), American Heart Association (Board of Directors).
- Served as Veteran's Service Officer in Hancock County for 7^{1/2} years.

EDUCATION

Education in Hancock County continues to improve. The building of the new high school and the educational commitment of our leaders is part of Mike's efforts toward the future.

- Graduate of Kiln High School.
- Earned three years college credit from the University of Maryland through night courses while stationed overseas and from New Mexico Western State Teachers' College in Business Administration.

PROGRESSIVE IDEAS

Mike has been a leader in the progress made in the transition to the Unit System. The Unit System works because supervisors are now a policy-making board. Tax dollars have been saved and work schedules have been streamlined in an effort to save tax dollars.

- Close supervision to insure that tax dollars continue to be spent wisely and benefit everyone in Hancock County. The county's financial outlook is BRIGHT!
- Better utilization of Stennis International Airport.
- Use Hancock County's greatest potential, its people, including youth and senior citizens.
- Use of Hancock County's highways, coastal waterways, port and airport to attract industry and **MORE JOBS**.
- Continue meetings with citizens in order to be kept informed of their needs and concerns.

OTHER ACCOMPLISHMENTS THAT CONCERN ME!

1. Consolidation of Recreation Departments of municipalities and county to conserve money and time.
2. A program to hard surface all of the county roads. This will SAVE THOUSANDS OF DOLLARS in equipment and maintenance
3. Bring an aggressive recycling program to the residents of Hancock County. This will save the environment for our children.
4. Create an aggressive tourism marketing program and bring new money into our county.

I AM PROUD OF MY RECORD OF SERVICE TO OUR COUNTY

Stanislaus toppled 28-19 by strong Picayune

BY ELLIS CUEVAS

The St. Stanislaus Rock-A-Chaws suffered their first loss of the season to Picayune's Maroon Tide 28-19 in an action-filled game.

Picayune played a ball control game with Stanislaus not gaining one yard on an offensive play from scrimmage in the entire first quarter.

Stanislaus head coach Ken Lyons said, "It was a good game, we played hard, they (Picayune) came at us and we made some key mistakes at the wrong time; it made the difference."

"Give them a lot of credit, they came at us real hard, making key plays when they needed it, and that is what this game is all about."

Lyons felt his team did not offensively play sharp the second half. He said, "On our opening drive in the second half we expected to get something out of it and didn't, and that was disappointing."

Stanislaus kicked off to begin the game and the Maroon Tide racked up three first downs very fast on a drive which ended with them punting the ball deep in Rock territory.

From their own 6-yard line, quarterback Bill Dreher tried three passes which fell incomplete and SSC had to punt.

Picayune came right back, grinding away at the clock and moving down the field, only to be stopped on the SSC 25-yard line when the Maroon Tide was unable to convert on a fourth down as the first quarter ended.

As the second quarter began, Stanislaus moved down the field, getting started on a drive when Dreher's shovel pass to Mike Lee moved the ball to the Rocks' 47-yard line.

Another pass to Lee moved the ball to the Picayune 35.

Dreher connected on another pass to Mickey Quinlan, moving to the Picayune 10-yard line.

A loss of 1 yard on a run play and then Dreher moved in for an 11-yard score with 9:45 left in the second quarter. The PAT was added by Allen Schafer, giving the Rocks a 7-0 lead.

Picayune came storming back as Tyrone Davis moved the ball on the kickoff to the 41 of Stanislaus.

Nine plays later, Picayune had a score as quarterback Byron Magee crossed the goal line, fumbled and it was covered by a Maroon Tide teammate.

Picayune gambled and went for 2 points, took a 8-7 lead with 5:44 left in the first half.

Taking the ball on their own 20-yard line, Stanislaus drove the length of the field on a 15-play drive to score their second time of the evening.

A key play on the drive was a fourth and 10 pass play from Dreher to Jeremiah Fuhrer from the Picayune 42 to their 8-yard line.

A Dreher pass to Quinlan

Jersey tackling

Stanislaus' Mike Lee almost loses his jersey as he hauls a Maroon Tide player for a good gain in Friday night action at Rock-A-Chaw stadium. Trent Terrell, No. 11, left, is ready to block for Lee, who scored one of SSC's touchdowns in a 28-19 loss to Picayune for the Rocks first setback of the season. Next week Stanislaus will celebrate homecoming by hosting the Long Beach Bearcats. (Echo staff photo by Ellis Cuevas)

gave the Rocks a 13-8 lead as the Rocks failed on a 2-point try with only 58 seconds left in the first half.

It took Picayune only 14 seconds to regain the lead as Justin Mark returned a 85-yard kick-off down the sidelines as the Maroon Tide supporters roared.

Picayune tried for 2 points and came up short of the goal line, giving Picayune a 14-13 edge over the Rocks.

Picayune's defense kept Stanislaus' offense bottled most of the game with the Rocks getting three plays and having to punt.

The Rocks received the kick-off for the second half and had to punt after three cracks at the Picayune defense.

Picayune added to their lead six plays later giving them a 20-13 edge with 6:46 left in the third quarter.

Picayune again added to their lead with 41 seconds left in the third quarter and scored on a 2-point conversion, giving them a 28-13 edge.

Stanislaus moved on two first downs and bogged down and punted into the end zone.

Stanislaus appeared to have had several key players on both defense and offense, who because of nagging injuries were not playing at 100%.

The Rock defense really tightened and in a punting situation, a Maroon Tide punt was

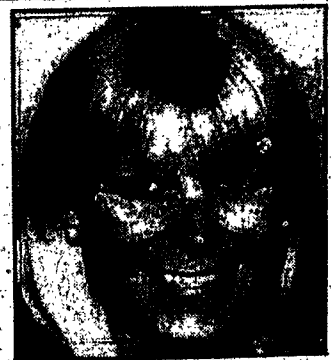

blocked by Stanley Chapman, giving the ball to the host team on the visitors' 22-yard line.

Lee moved to the 16-yard

HHS whips the Warriors

BY JACQUI COCHRAN

The Hancock High School Hawks swooped down on the D'Iberville Warriors Friday night, taking the lead and maintaining it to a final 35-22 score.

The first quarter began with high spirits as both teams were yet undefeated in district play.

The Warriors kicked off at their 40-yard line. The ball went into the end zone, placing the Hawks first and 10 at their own 20.

Hawks quarterback Doug Authement passed off the ball to running back Terrance "Flash" Goff who picked up 17 yards to the Hawks' 37.

Two plays and four yards later, Goff was handed the ball. Breaking tacklers down the middle of the field, he ran to the Warriors' goal, but was stopped at the 3-yard line.

Warrior linebacker Lance Salvas stopped Dennis Malley as he tried for three yards and gained one. Jeron "Kid" Vince tried next to take the ball in for the score and was held back by Warrior running back Joey Chinn.

Finally Goff broke up and over the Warrior defense and the Hawks were on the scoreboard 6-0. Malley tried for the extra point, but had no luck.

Goff kicked off to the Warriors. Wide receiver Hankie Hall took the ball on the Warrior's 15 and ran it in 26 yards to the Warrior 41.

An unsuccessful Warrior drive attempt ended four plays later with a punt which landed out of bounds at the Hawks' 33.

Four plays later, the Hawks punted back to the Warriors, only to get the ball back four plays afterward.

Several plays later, a Hawk fumble returned the ball to the

back on the next play and chose to punt.

Gough punted the ball, which went straight up in the air. Two flags were thrown on the field. One was waved off and the

who carried it 13 yards for the Hawks' second touchdown.

Favre threw a two-point conversion pass, giving Hancock a 14-7 lead.

The Hawks kicked off and

successfully delivered a TD pass into the hands of Jacent Gregory with 1:08 on the clock.

Gough handed off to Hankie Hall for the two-point conversion, bringing the score to 22 for

other was against the Hawks.

The Warriors kept the ball and made the first down on the penalty, leaving them at first and 10 at their own 38.

A penalty-riddled 11-play drive took the Warriors across the goal line for their first score of the night.

The point after touchdown kick was good, giving the Warriors a one point lead at 6-7 as

into the end zone. The Warriors took the ball at their 20-yard line for their first down attempt.

Delahoussaye took the ball from Gough and was hit with no gain. On the next play, he pushed through for a 3-yard gain.

Chinn was given the ball on the next play and took it up the middle for a 72-yard touch down.

Delahoussaye kicked the extra point in and the score was 14-14.

The Warriors kicked off to the Hawks. Goff ran the ball to the Warriors' 42-yard line.

Favre handed off to Goff on the next play, netting a 6-yard gain.

Next, Favre passed to defensive back Dennis Devilbiss, who ran the ball for 37 yards and a TD. The PAT was good, giving the Hawks a 21-14 lead.

Goff again put the ball in the end zone on the return kick, bringing the Warriors to their own 20 yard line for first and 10.

A fumble occurred on the next Warrior play and Dustan Nechaise recovered for the Hawks on the Warrior 22.

Favre handed the ball to Malley who took it an additional eight yards before being stopped by Chinn.

Goff took the ball around the right and picked up the first down on the 9 yard line. On the next play, Vince ran the ball in for a touchdown. The PAT was good for a 28-14 Hawk lead.

The Warriors missed the catch on the kick off, taking the play at their 20.

They pushed the ball 49 yards down the field over the course of a seven-play drive, but lost possession when Gough passed on the fourth down attempt and receiver Ryan Lee of the Hawks picked it off.

The Hawks took possession at the Warrior 20. Three plays later, the third quarter ended with the Hawks maintaining the lead and possession of the ball.

Six plays into the final quarter, Vince crossed the goal line with 8:40 remaining on the clock and gave the Hawks a 34-14 lead. The PAT was good, taking the score to 35-14.

The Hawks kicked off to the Warriors who caught and ran the ball to their 31-yard line.

The Warriors, unable to move the ball, punted back to the Hawks a few plays later.

Goff caught the ball and ran it to the Hawk 43, but the home team fumbled three plays later and gave the ball back to the Warriors on their own 25.

Seven plays later, Gough suc-

cessfully delivered a TD pass

into the hands of Jacent Gregory with 1:08 on the clock.

Gough handed off to Hankie Hall for the two-point conversion, bringing the score to 22 for

the Warriors.

Hancock ran out the remaining time on the clock and ended the game with a 35-22 victory.

Warriors' possession at the Hawk 36 early in the second quarter.

Two plays later, Warrior QB Matthew Gough fumbled. Hawk defensive end David King recovered the ball at the Warrior 44.

With 10:01 left in the second quarter Goff took the ball from Authement for an 11-yard gain and first down.

The drive was short-lived, however. Three plays later, the ball was back in Warrior hands on their own 20-yard line.

Gough passed the ball on the second down attempt to running back Keith Carter. Hawk Radley Ladner stopped him with only a one-yard gain. The Warriors stood third and nine.

The Warriors were pushed

halftime approached.

The Warriors kicked off to the Hawks. Malley fell on the ball at the Hawks' 38 with six seconds left in the half.

Suddenly a fight broke out. Players from both sidelines rushed to the center and the crowd was screaming.

Both teams were cited with personal fouls and the clock ran out, sounding halftime.

In the second half the Hawks kicked off to the Warriors but quickly regained the ball when a fumble occurred during a pass attempt.

Jeff Favre entered the game as quarterback for the Hawks, playing for the first time in three weeks after suffering a separated shoulder injury.

Favre threw the ball to Vince,

line, then Tate Thriffley to the 14 and on the next play, Thriffley dragged about half of the Picayune defensive squad along with just enough strength to cross the goal line.

With five minutes left in the game, Stanislaus had tightened the score to 28-19 in favor of

Picayune.

Picayune played ball control for the remainder of the game.

Lyons said, "They (Picayune) had a punishing offense and we knew about it, I give credit to them, as they had a good team."

At mid-season, Stanislaus is now 4-1 and Picayune 2-2.

The Rocks are 2-1 in Division 8 Class 4-A, while Picayune won their first game in Division 6 Class 4-A competition.

It will be homecoming for St. Stanislaus next Friday as they play host to the Long Beach Bearcats at Rock-A-Chaw stadium.

Bay High shuts out Purvis 20-0

BY RANDY PONDER

Bay High beat Purvis 20-0 in an injury marred contest which ended with 3:51 left on the clock Friday night in J.D. McCulloch Stadium.

Following the second lengthy delay where a Purvis player received medical treatment on the field while awaiting an ambulance, the game was called.

The Tiger defense dominated the game, holding the Tornados' offense to minus 25 yards rushing. Purvis did complete one pass for 37 yards. Bay High recovered two fumbles and intercepted one pass in their shutout victory.

On their first possession, the Tigers moved 34 yards in seven plays, aided by a big fourth down conversion to take the lead.

Starting at the Purvis 34, Adrian Whavers galloped 14 yards to the 20. The Tornados were flagged on the play, advancing the ball to the 19.

Two runs, an offside penalty and a short pass brought up fourth down and 6 to go. Quarterback Sam Shepard hit Trelis Haynes with a quick pass over the middle for 12 yards and a first and goal at the Purvis three. One play later, Shepard kept the ball and followed the surge of the offensive line into the endzone. The PAT was no good and with 6:30 left in the opening period, the Tigers were on top to stay, 6-0.

Purvis played much of the remainder of the first half deep in Tiger territory set up by Bay High miscues. A determined defense came through crisis after crisis to keep the Tornados off the scoreboard.

A fumbled punt gave the Tornados the ball at the Tiger 29. Three plays and punt. Threat over.

A long pass to a wide open receiver put the ball at the Bay High 11. Two plays and Gene Taylor picked off a pass in the endzone. Threat over.

A pass interception put the ball at the Tiger 28. Four plays and the ball went over on downs. Threat over.

A questionable pass interference call put the ball at the Bay High 21. Three plays and the Tornados lost 24 yards as the first half ended. Threat over.

The second half started on a positive note for the Tigers when Adrian Whavers pulled in the kickoff at his 12 and raced to the 39, giving Bay High good field position.

Shepard and company took advantage, marching 61 yards in 10 plays much to the delight of the hometown fans.

A handoff to Whavers moved the ball 11 yards to midfield. Jason Loiacano ran for 4. Whavers picked up another first down with a run to the Purvis 38.

Larrone Lewis took the pigskin for 3, before Whavers earned another first down with two consecutive carries to the 27.

Dwayne Antoine bulled his way through the middle of the line to the 14 and a first down. A play for no gain and a recovered fumble brought up third and 18.

Shepard calmly fired the ball to Jamie Kingston in the endzone for the score. Larrone Lewis added a 3-point conver-

sion with a run up the middle as the Tigers built a 14-0 advantage.

Brennan Compretta recovered a fumble at the Purvis 20 on the Tornados' first play following the kick. The Tigers were unable to punch it in and turned the ball over on downs.

Three plays and Purvis had to punt from their endzone. Jeff Hopgood blocked the punt and Bay High was in business at the Tornado 2-yard line.

On the first play of the final quarter, Adrian Whavers collected the points with a quick handoff up the middle. A 2-point conversion by Dwayne Antoine was nullified when the Tigers were flagged for holding, leaving the score at 20-0.

The win puts Bay High back

in the thick of the District 8 Class 3-A playoff picture at 2-1. The Tigers are 2-3 overall.

"We came out in the second half and went right at them," Bay High coach Rocky Gaudin stated. "It's not pretty football to watch but it works. We played a terrible first half. We made a ton of mistakes. We got better in the second half."

Gaudin said Purvis was a very young struggling team. "There are a lot of similarities between them and where we were a couple of years ago."

Bay High will travel to Vancleave next Friday for an important district matchup with the 1-4 Bulldogs who lost to East Central 7-6 this week. Game time is 7:30 p.m.

On the run!

Quarterback Sam Shepard scrambles for yardage as Purvis defender Brad Pearson gives chase. Bay High won 20-0, upping their record to 2-3 overall and 2-1 in District 8 Class 3-A. (Echo staff photo by Randy Ponder)

ATTENTION HANCOCK RESIDENTS!

As sheriff of Hancock County for the past 12 years, Ronnie Peterson has **NEGLECTED** the war against drugs. It's true, drugs are everywhere, but there's no excuse for neglect.

FACT:

- No effective drug enforcement policy
- Made no major drug arrests or seizures in over 6 years.
- In his 12 years as sheriff, has NEVER made ANY drug arrests or seizures on I-10, as compared to the millions of dollars the Mississippi Highway Patrol and the Harrison County Sheriff Department have intercepted.
- No narcotics evidence control policy to ensure case integrity to reduce the possibility of dismissed cases on technicalities.

- No drug and alcohol prevention programs in county schools to educate our children about the dangers of drugs.
- Has sought leniency in court for a major cocaine dealer.

Peterson said he wants to continue serving the county as he has for the past 12 years.

As chief of police for the city of Bay St. Louis for over 4 1/2 years, I have a proven record in the war against drugs.

FACT:

- I established a comprehensive drug enforcement policy designed to target major and street level dealers, users and prevention programs for our children.
- Conducted the city's first major undercover cocaine operation, resulting in numerous arrests and convictions.
- Responsible for establishing the Hancock Metro Narcotics Task Force, which is currently ineffective under Ronnie Peterson's leadership.
- Implemented drug/alcohol awareness programs in all city, public and private schools.
- First police department in our county to use drug detection dogs in the school system.
- Demanded maximum fines and sentences for drug dealers and repeat offenders. "I will never seek leniency for drug dealers."
- Mandatory Drug Testing for all Police Officers.
- As sheriff I will establish a drug interdiction unit on I-10 to work in conjunction with the Mississippi Highway Patrol and the Harrison County Sheriff's Office to intercept drug smugglers traveling through our county.
- As sheriff I will enforce the law equally and fairly.
- I pledge to wage war on the drug dealers in this community, to rid our schools and county of the poison that is destroying our children.
- We must work together as a community for a safer and drug free county.

I can help make Hancock County a better and safe place to live and provide our children with a drug free learning environment.

Please, we owe it to our children!

Toast to the Coast slated October 18

For the eighth consecutive season, Coast Episcopal School's Parent Teacher Organization will present the "Toast to the Coast," a gala evening celebrating life on the Mississippi Gulf Coast.

This year's festivities will once again be held on the lawn of the beachfront home of Mr. and Mrs. J. Alfred Levert II, 533 East Scenic Drive in Pass Christian. It will begin at 6:30 p.m. Friday, Oct. 18.

Chairman of the event, Kristy Johansmaier, said, "No event on the Mississippi Gulf Coast has been able to capture the essence of all that makes life on the Coast so unique."

"The mixture of good food from great Coast restaurants, quality works of art exhibited by local artisans, toe-tapping music, and warm hospitality is what makes the Toast to the Coast so special," she said.

The Toast to the Coast's musical entertainment for the second year will be nationally-known recording star Marcia Ball. Ball is a versatile singer of rhythm and blues, gospel and rock 'n' roll.

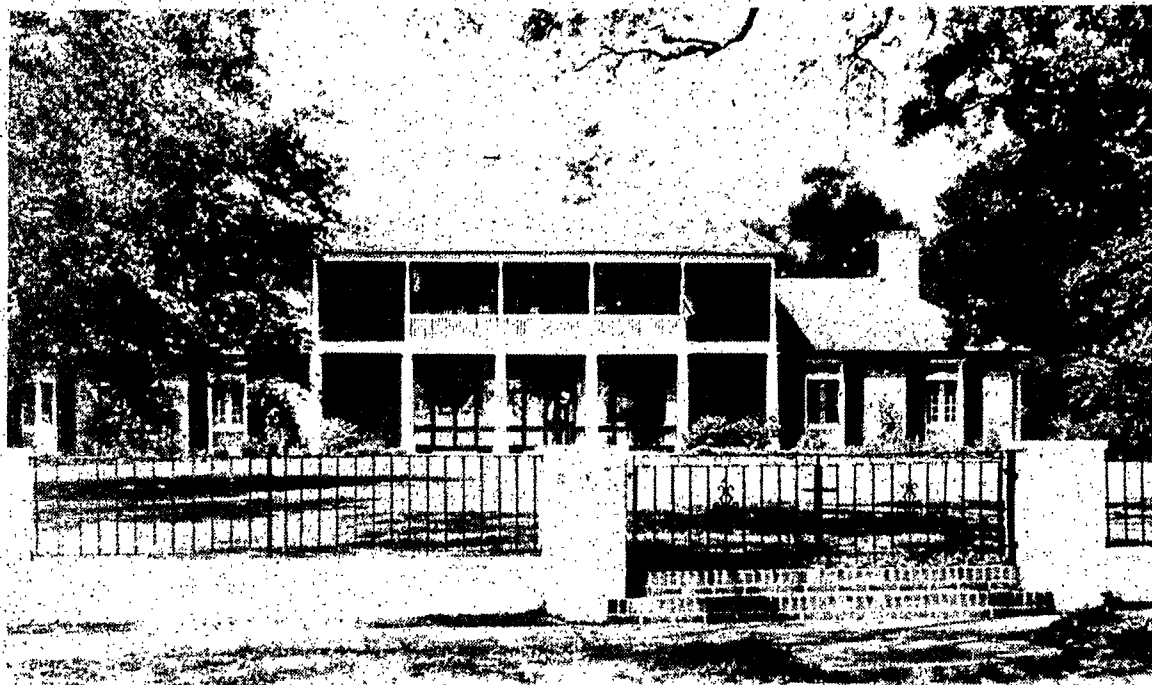

Other committee chairmen contributing to the success of the Toast '91 are Georgia Kuhner, art; Marlene Saccoccia, children's art contest; Alice Tor, patrons; Vivian Andres, tickets;

Charlotte Bernadas, invitations; Sandy Arrington and Blair Lambert, restaurants; Ann Guice, Nancy Uram and Kiki Casano, live auction;

Jan Painter and Jeannie Ballard, silent auction; Judy and David Taylor, beverages; Jodi Koszarek, printing; Mary Mizell, publicity;

Chris Crouse, decorations; Roy May, grounds; and Janet and Mason Gordon, clean-up.

For tickets or more information about the Toast to the Coast, call Coast Episcopal Schools at 452-9442. Tickets will be available by mail or at the door. Ticket price is \$45 per person.

SHOPPING UP A STORM

By Katy McGuire Caire

Our area butchers are "Going Hog Wild with Pork Sales" to paraphrase the announcement by one of our area supermarkets; and to prove the point, there are bargains galore in all manner of pork cuts these days at our markets!

So, here's a good chance to save on pork roasts and chops and such for tasty meals these fall days, as well as set some good bargains aside in the freezer for those cold months ahead when we'll want to cook up hearty stick-to-your-ribs pork and potato dishes, for example.

Whole boneless pork loins are a good buy, with no waste. Center cut pork loins are also a good buy; and loin and rib quarter loins are offered at good savings, sliced as you wish. Pork steaks and Boston Butt roasts also crowd the meat counters, ready for your selection. Smoked picnic hams are also sale-priced. To accompany whatever cuts you choose, there are mounds of Louisiana yams and Russet potatoes, at good

savings, with excellent prices on rice and pasta as well. Apples, always a tasty accompaniment to pork, are in good supply along with Florida oranges and Bartlett pears.

I've just been trying out several new recipes, which had caught my attention as I was leafing through a delightful cookbook, "Virginia Seasons" published by the Junior League of Richmond, Va. I think you'll like:

APPLE STUFFED PORK CHOPS

2 thick pork chops
1/2 cup bread crumbs
1/4 tsp. salt
1 tsp. parsley, minced
1/8 tsp. sage
1 tsp. onion, grated
1/4 cup apples, diced
3 Tbsp. milk
Dash of pepper
Oil

Cut pockets in the sides of pork chops, and brown chops in a little oil. Mix remaining ingredients and stuff chops. Bake 45 minutes to 1 hour at 350

degrees. (2 servings)

That's all there is to it! I served this with baked yams and creamed spinach.

From the same cookbook, here's a variation, using those fresh Florida oranges:

ORANGE GLAZED PORK CHOPS

4 (3/4" thick) pork chops
1 Tbsp. oil
1/2 cup orange juice
2 Tbsp. orange marmalade
2 Tbsp. brown sugar
1 Tbsp. vinegar
Salt, pepper to taste
All-purpose flour for dredging chops

Sprinkle the chops lightly with salt and pepper, dredge in flour. Heat the oil in heavy skillet, and brown the chops on both sides. Combine the remaining ingredients, mixing well, and pour over the chops. Reduce the heat, cover and simmer 40 to 45 minutes, basting from time to time. (4 servings)

How about rice and green beans with this?

St. Stanislaus SADD chapter hosts barbecue

The St. Stanislaus chapter of Students Against Driving Drunk (SADD) will host a barbecue Saturday, Oct. 12, 11 a.m. to 1:30 p.m.

The dinner includes half a barbecued chicken, baked beans and potato salad.

Donations for the dinner are \$4 per plate. Tickets must be purchased from a SADD member or from St. Stanislaus before October 12.

'Boo Bash' to benefit Hancock Food Pantry

Celebrate Halloween early this year, and help the needy with a donation to the Hancock County Food Pantry Saturday, October 12 at Jeanne Anne's Hallmark in Bay St. Louis.

Any child contributing a canned food item from 9:30 a.m. until 5 p.m. will receive a treat, a balloon and have his face

painted, said owner Anne Schmidt.

A coloring sheet will be printed in The Sea Coast Echo next week, or may be picked up at the shop, at Shieldsboro Square on Highway 90.

The winner will receive a prize.

Scale tells the tale of losing and gaining

These losers are winners

Take Off Pounds Sensibly does the trick for Waveland residents

BY JANET MCQUEEN

Every Tuesday evening a group of local residents meets at the Waveland Library to encourage each other to lose weight.

The club is one of a network (including one in Bay St. Louis) of Take Off Pounds Sensibly groups.

Rather than promoting a single diet, or weight-loss formula, the chapter advocates willpower, persistence and patience combined with a calorie controlled food intake and exercise.

All members are required to be examined by a physician prior to joining, and have a written weight goal established. On the way to attaining that goal they will have the support of an adopted family.

"Tuesday is our time together; we are like a family," said TOPS member Judy Brockhaus, who has watched the scale drop from a high of 320 pounds to a present 208.

A self-professed 'yo-yo' dieter, Brockhaus added most of the excess pounds during her first pregnancy. "But, I can't blame my kids, I did it myself," she said. She has

two children, ages six and 10.

"When I walked into a TOPS meeting for the first time, I didn't know a soul. They were so wonderful. One week I gained one pound; it just killed me, and they were so supportive.

"Tuesday nights are strictly reserved for TOPS. One of my boys encouraged me to go to a TOPS meeting instead of one of his ball games. They can see the difference it has made in me.

"I am not short-tempered with them anymore. I am just a lot easier to live with. I've never felt better," said Brockhaus.

As for her goal weight of 135, "I will hit it by April," she said with conviction.

Fellow member Randy Tartavouille has lost four ounces short of 32 pounds in only nine weeks.

"I actually joined the group by accident. My sister, who is group leader, had asked me to make some copies of a map for a district meeting. When I dropped them off, I sat and listened to the discussion for a while. By the end of the meeting, I was signed up.

"The most important thing is the support you get. We

gather and share newspaper articles on losing weight or recipes, and pass on tips we think might work for someone else.

"There are also incentives. Each member wears a banner, which is plain to begin with. For each quarter-pound, you get a gold safety pin; for each pound, a silver one. Each 10-pound loss earns a charm, and so on," said Tartavouille.

"Now, people are noticing my weight loss. No one at TOPS ever knows your weight; only if you lost or gained."

A large loss can rate a standing ovation.

Local winners are also recognized at district meetings. Among Waveland members recognized in August were Theresa Dougherty and Eddie Roberts who earned first place trophies; and Rose Necaise and Brockhaus won second and third place trophies, respectively.

Waveland TOPS meets Tuesdays with weigh-ins from 5:30-6:30 and meeting time from 6:30-7:30. In Bay St. Louis, TOPS meets on Wednesday nights at the Hancock Medical Center meeting room.

Determining Body Frame Size

Frame Size	Wrist	Height
Small	5 1/8" or less	5'2"-or under
	6" or less	5'3"-5'4"
	6 1/8" or less	5'5"-5'11"
Medium	5 1/2"-5 3/4"	5'2"-or under
	6"-6 1/4"	5'3"-5'4"
	6 1/4"-6 1/2"	5'5"-5'11"
Large	5 3/4" or more	5'2"-or under
	6 1/4" or more	5'3"-5'4"
	6 1/2" or more	5'5"-5'11"

Body fat should be 15-19% for men and 18-22% for women. Using this principle, the formulas are stated as follows:

—Men: Height in inches x 4 - 128 = ideal weight

—Women: Height in inches x 3.5 - 108 = ideal weight

These formulas need adjustment only for the large framed person by adding 10% to the final number to equalize the added skeletal mass.

TEN WAYS TO LET YOUR APPETITE KNOW WHO IS BOSS

1. Stop eating while still a little hungry. Within a few minutes you will find you no longer desire additional food.
2. Revise your habits. Stop nibbling to kill time.
3. Use foods that demand vigorous chewing. This satisfies the appetite.
4. Don't wash food down with water. This steps up intake.
5. Don't be tricked by fancy foods.
6. Keep count on calories.
7. Scuttle your alibis.
8. Put crisp vegetables instead of candy on the table.
9. Don't kid your appetite with alcohol.
10. Don't go without breakfast. You can spread out your daily quota of food between more meals. (If you work late and eat in the evening, consider the late meal as your breakfast.)

CLUBS, AUXILIARIES

Garden clubs take top honors at district meeting

At the Spanish Trail District annual awards meeting, District Director W. Steve Sekul announced the Diamondhead and Bay-Waveland garden clubs had placed first and second, respectively, among 46 district clubs in terms of achievements, contributions and civic involvement.

Spanish Trail is the largest of the Garden Clubs of Mississippi Inc.'s six subdivisions, covering affiliated clubs in George, Stone, Pearl River, Forest, Perry, Lamar, Marion and the three Coast counties. Winning is not new to either club however, as Bay-Waveland placed first in 1990 and Diamondhead likewise in 1989.

The meeting at the Diamondhead Country Club Sept. 25 was attended by 117 state officers and board members and district club representatives, including the president of the Garden Clubs of Mississippi, Mrs. L. C. White of Greenville; second vice-president, Mrs. Van Stewart of Canton; and executive secretary, Mrs. G. A. Harrison of Jackson.

The awards presentations were followed by a buffet luncheon, during which members of the host club modeled styles from B. J.'s Puzzles of Long Beach.

From left, Mrs. Clement Acker, Diamondhead president, displays a first place award; Mrs. L. C. White, president, The Garden Clubs of Mississippi Inc.; Mrs. W. Steve Sekul, director, Spanish Trail District; and Bay-Waveland president Mrs. Donald Lowe displays her club's second place. (Photo by Luis Cordova)

Eight and Forty

Harrison County Salon 218 of the 8 & 40 held a business meeting Thursday, Sept. 26 at the Joe Graham Post 119, Courthouse Road, Gulfport. Chapeau Lucille Boudreaux presided.

The Salon participated in the La Societe de Femmes fall yard, plant and holiday craft sale Friday and Saturday, Oct. 4-5 in the parking lot of American Legion Post 119, Gulfport. Members were requested to bring plants, miscellaneous items and Christmas handmade crafts the day of the sale. Lucille Boudreaux and Anna Gayaut were in charge of tables.

The next Salon meeting will be at the Joe Graham American Legion Post 119, Gulfport, Thursday, Oct. 24, beginning at 7 p.m.

Hancock County Exchange Club

The Hancock County Exchange Club meets every Thursday at noon at the Waveland Resort Inn. Meetings are always open to visitors.

The second Thursday of each month is reserved to honor the Student of the Month, which is a local student from one of the area high schools. The students, chosen by guidance counselors, each write a speech based on the theme that the National Exchange Club chooses each year.

This year's theme is "America's Greatest Challenge: How Do We Meet It?" The student presents this speech to the Exchange Club. Out of the students chosen each month, in December a Student of the Year is selected. That student goes on to state competition.

The last Thursday of each month is reserved for a business meeting, and every other Thursday various speakers from the community are featured.

Although the Hancock County Exchange Club assists various charities, the strongest sponsorship goes to the South Mississippi Exchange Club's Family Child Center which is located in Gulfport. The center is for the prevention of child abuse and has volunteers who work in Hancock County.

For further information on the club, contact the president, Julie Cannon at 467-2323.

Take Off Pounds Sensibly

TOPS MS 233 Waveland met Tuesday, Oct. 1 at the Waveland Library. Randy was the week's best loser with 4 1/2 pounds.

Randy received two charms, one for best loser of September and a 30-pound-loss charm. A weigh-in will be Wednesday, Oct. 9 between 5:30 and 6:30 p.m. There will not be a regular meeting Tuesday due to the election. Meetings will resume Tuesday, Oct. 15. There will be a yard sale Oct. 12 at D & K Chevron Station at 603 and Waveland-Kiln Cutoff 7 a.m. until.

TOPS 233 meets every Tuesday at the Waveland Public Library. Weigh-ins are from 5:30 to 6:30 p.m. with the meeting immediately following.

Anyone interested in losing weight the sensible way and maintaining that weight loss is welcome to visit the chapter. Interested persons are invited to call Charlotte at 467-5790 for more information.

Coast Chapter CPAs

Gulf Coast Chapter of Mississippi Society of CPAs will meet Oct. 22 at the Airport Holiday Inn, Hwy. 49 at I-10, Gulfport.

Princy Harrison of Holt, Stevens and Associates, PA will present a program on governmental auditing and the Yellow Book requirements. The four-hour program will begin at 1:30 p.m. and will qualify for Continuing Professional Education.

For further information, contact Lori S. Mozingo, secretary, P.O. Box 1372, Gulfport, MS 39502, or call 863-0411.

CLUBS, AUXILIARIES

Blue Jeans Garden Club

Blue Jeans Garden Club members met last Thursday at the Clermont Harbor home of Eunice Foret on Frank Klein Drive. Co-hostesses were Gloria Norton and Gladys Goodloe, who due to illness, was unable to attend.

President Mayola Rotherman, presiding over an almost perfect attendance, opened the first fall meeting by leading members in the Pledge of Allegiance and the opening prayer for all members and their families, especially for Gladys and Mary Danna and Melba Felder, members who were recently hospitalized.

After the business meeting, including discussions on a variety of subjects of importance and interest to the group, members participated in the yearly "September Plant Swap" which was adopted by the group a few years ago and has become a favorite "extra."

Another fascinating "extra" was a unique display of "water crystals" that are just great for most indoor plants, demonstrated by Rotherman.

The September meeting plants and arrangements were submitted for judging by members. Winners in the various categories were Phil Lagasse, horticulture; Virginia Thomas, potted; Claire Conway, miniature; Imelda Indovina, dried; and Beulah Peterson, cultivated.

In closing the meeting a very interesting and informative article on "Planting and Care of Mississippi Dogwoods" was read by Virginia Thomas. Half and Half was won by Clair Conway. Door prize winner was Lucille Witter.

Veterans of Foreign Wars Theodore S. Price Post 3253 Ladies Auxiliary

The monthly meeting of Theodore S. Price VFW Post 3253 Ladies Auxiliary, scheduled for Oct. 9, has been cancelled due to the VA Carnival at the Gulfport hospital on the same date.

Auxiliary members are asked to donate cake, candy, and so forth. Those who would like to attend and help may meet at the Post Home at 5 p.m. Oct. 9.

For further information, phone Hazel Wohlschlegel at 467-5692. There will be a committee meeting Oct. 17 at 2 p.m. at the Post Home. All committee chairmen are requested to attend. "This is an important report to be submitted by all committees," said an auxiliary spokesman.

On Oct. 19 there will be a state commander's and president's homecoming at Brookhaven at Post 2618.

Hancock Women's Club

The Hancock Women's Club will hold a luncheon meeting at 11 a.m. Thursday, Oct. 10 at Nick's Catfish House, Hwy. 90 in Waveland. Reservations are required.

Board meeting will be at 10 a.m. Monday, Oct. 7 at the Bay St. Louis library.

Mulching time arrives with fall

By Dr. Milo Burnham

Horticulturist
Mississippi Cooperative
Extension Service
Leaves of certain trees have begun to fall, so it's time to

begin raking. Leaves left on a lawn can collect to a thickness that deprives the lawn of light, weakens the grass and makes it more susceptible to freeze injury.

Leaf removal can become a weekly chore as more trees begin to shed leaves. Raking replaces mowing the lawn since the warm season grasses such as bermudagrass and St. Augustinegrass slow their growth with cooler weather and don't need mowing as often.

Pine trees also have begun to shed old needles. Needles can accumulate so heavily on lawns that they, too, like the larger leaves of hardwood trees, can shade the lawn.

As leaves and pine needles are raked and gathered, there is the question of what to do with them. Many homeowners with just a small piece of property

will put them out in bags for disposal in a landfill.

Opportunities for doing this are rapidly disappearing as more and more landfills decline to accept yard trash such as lawn clippings, leaves and tree and shrub trimmings.

Tree leaves can be used to make compost. Since dry leaves don't decompose rapidly and since the cool temperatures of fall and winter will slow the composting process, consider setting aside the gathered leaves for mixing with grass clippings next spring and summer.

This is a common practice in municipalities that operate a composting facility. When mixed with fresh grass clippings and when the temperatures are hot, leaves decompose into compost at a much faster rate.

Pine needles gathered this fall can be used immediately for mulch. While mulching is frequently considered a late spring and summer activity for the purposes of controlling weeds and conserving soil moisture, there are good reasons for fall and winter mulches.

For instance, a thick layer of mulch around the base of shrubs can prevent freeze injury such as bark splitting when the temperature drops suddenly.

Mulch can prevent soil temperatures from dropping rapidly and even from freezing which is important to newly planted trees and shrubs.

While the portions of plants exposed to cold air temperatures are dormant and not growing, the roots can continue

Hurricane map

Theodore S. Price V.F.W. Post 3253 Ladies Auxiliary patron Alfred Francis, center, displays a laminated hurricane map made by Arthur Lineweber, left, which was presented to him at a recent meeting at the post home. Auxiliary president Audrey S. Heyd is at right.

Just running the lawnmower without a bagger over leaves does a pretty good job of shredding them into smaller particles that can remain on the lawn.

Mowers advertised as mulching mowers are supposed to do an even better job of shredding leaves into very small particles. These are blown back into the grass and out of sight where they decompose just like the grass clipping did during the summer.

to grow and help establish the plants in mulch protected soil.

If raking leaves isn't your "bag," try bagging three leaves with your lawn mower if it has a bagging attachment. There are also lawn brooms, vacuums and blowers that may ease the job of leaf removal.

One problem with large leaves such as those of the yellow poplar is getting them under the mower so the blade can shred them. Large leaves can be snow plowed by the mower housing or pushed to the side rather than being drawn into the blade.

Because pine needles are more likely to become entangled in the grass, they are not as easily removed as leaves from the lawn by a blower or bagger. Mulching mowers aren't as likely to do a good job of shredding them either.

Set aside gathered pine needles to use as a mulch around shrubs later this fall or in your vegetable garden next spring or save them for a neighbor or fellow gardener.

WEDDINGS, ENGAGEMENTS

Moran-Danzey

Becky Danzey of Bay St. Louis and Jeff Moran of Pass Christian were united in marriage August 24, 1991, at First Baptist Church in Bay St. Louis. The Rev. Nathan Barber officiated. Parents of the couple are Mr. and Mrs. Charles E. Danzey Jr. of Bay St. Louis and Mrs. June Middleton and Laverne Moran, both of Pass Christian.

The bride was given in marriage by her father. Maid of honor was Stacey Knight of Lafayette, La., and matron of honor was Tracy Cuevas of Gulfport.

Serving as bridesmaids were Angel Hickman and Angie Lott, both of Wiggins, and Dee Peter-

son of Pass Christian.

Rachel Miles of Wiggins and Cody Moran of Pass Christian attended as flower girl and ring bearer, respectively.

Best man was Kelvin Niolet of Pass Christian.

Groomsmen were John Eakins, Larry Beech, Casey Hoda and Jeremy Peterson, all of Pass Christian. Byran Hoda and Byran Peterson served as ushers.

Nuptial selections were provided by organist Gail Carr and vocalist Dennis Devilliss.

Following a wedding trip to Gatlinburg, Tenn., the couple will live in Pass Christian.

Henley-Tomasich

Mr. and Mrs. Charles W. Henley of Kiln announce the engagement and forthcoming marriage of their daughter, Janet Marie Henley, to Henry Arthur Tomasich Jr., the son of Mr. and Mrs. Henry A. Tomasich Sr. of Bay St. Louis.

The wedding is set for October 12, 2 p.m., at Fenton Community Center. A reception will follow at the center. Family and friends are invited to attend.

Spradley-Parsons

The bride's mother's home was the setting for the September 22 wedding of Donna Threet Parsons and William Asberry Spradley Jr. Rev. Charles Clark officiated at the afternoon ceremony.

The bride is the daughter of Josie A. Ramsey of Waveland and Denton M. Threet of Edwards. The groom is the son of Mr. and Mrs. William A. Spradley Sr. of Saucier.

The bride was given in marriage by her mother.

After a wedding trip to New Orleans, the couple are making their residence in Gulfport.

Smith-Ritten

Mr. and Mrs. Jackie Smith of Gulfport announce the engagement of their daughter, Julie Denise Smith to Jon William Ritten, son of Mr. and Mrs. Jon Ritten of Diamondhead.

The bride-elect received a degree in marketing from Mississippi State University in 1988, where she was a member of Delta Delta Delta sorority. She is employed with State Farm Insurance Company.

Her grandparents are Mr. and Mrs. Frank Varnado and Mrs. Ivy Smith, all of Gulfport, and the late Jackson P. Smith.

The future groom is a 1989 graduate of Miami University-Ohio, with a degree in management. He was a member of Alpha Tau Omega fraternity.

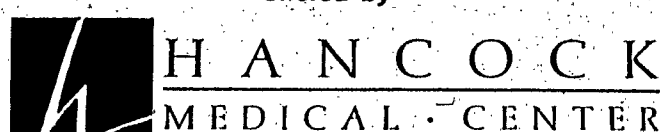

He is employed with Allstate Insurance Company.

He is the grandson of Mr. and Mrs. W. L. Holcomb of Clarksdale and the late Mr. and Mrs. Charles Ritten of Minneapolis.

The wedding is November 2, 1991, at St. James Catholic Church in Gulfport.

Natchez Pilgrimage

Antebellum homes featured in October.

As autumn edges into Mississippi, Natchez belles are brushing off hoopskirts.

In early October, the Mississippi River city will open its doors once again to tourists from all over the country and world, who will come for the annual Natchez Fall Pilgrimage.

Beginning Oct. 5 and continuing for 20 history-packed days, the fall event features 24 of Natchez's most famous antebellum houses, some of which are opened to visitors during the Fall Pilgrimage only.

The Natchez Garden Club and the Pilgrimage Garden Club also co-sponsor the Natchez Spring Pilgrimage, which began in 1932. The Fall Pilgrimage is in its 14th year.

The 24 houses on tour for the Fall Pilgrimage are featured on designated days, with four houses open each morning and four houses open each afternoon at \$14 a ticket for each group of four. Shorter tours, featuring three of the houses, are available at \$12 per person.

After a walk through the his-

toric halls and parlors of the Natchez houses, a visitor to the Fall Pilgrimage may choose from among some Natchez-style evening entertainment and good Southern cuisine.

A traditional Southern plantation-style dinner at the Carriage House Restaurant on the grounds of Stanton Hall is one choice. Stanton Hall, also featured on the tours, is one of Natchez's National Historic

Landmarks and ranks among the world's most famed Greek Revival mansions.

The Carriage House dinner includes entertainment by the Voices of Hope, old-fashioned spiritual and gospel singers. A \$17 ticket includes dinner and entertainment for one person.

Other evening entertainments include the Mississippi Medicine Show, a romping minstrel musical; and the Gaslight

Players' hilarious melodrama, "The Drunkard."

Bed-and-breakfast accommodations, reservations, tickets and more information about the Natchez Fall Pilgrimage are available from Natchez Pilgrimage Tours, corner of Canal and State streets.

The mailing address is P.O. Box 347, Natchez, MS 39121, telephone 601-466-6631, or toll-free 800-647-6742.

ARTIN' ABOUT

EDITOR'S NOTE: Artin' About is a regular Sea Coast Echo feature that provides information about fine and performing arts events in the area and throughout the state. Submissions are welcome, and should be sent to Artin' About, Sea Coast Echo, P.O. Box 2009, Bay St. Louis, MS 39520. Notices will be published on a space-available basis, with those events whose dates are closest to the publication date being given first consideration.

On stage:

Riviera Productions will hold auditions for *Brigadoon* Saturday and Sunday, Oct. 5-6, 1-4 p.m., at the Society for Retarded Citizens building on Church Street in Gulfport (one block south of Pass Road off Teagarden Road).

The show requires six male leads, six female leads, 24 sin-

gers and 20 dancers. Those auditioning should be prepared to sing and dance. An accompanist will be provided.

Brigadoon will be presented December 6-8 at the Saenger Theatre in Biloxi. Bill Kulick is artistic director; Mary L. Evans, choreographer; Keith Cook, choral director; and Mark Bryant, conductor.

For details, call 388-2889.

Tickets are now on sale for the Kinetic Neo Skene Theatre's musical thriller, *Sweeney Todd, the Demon Barber of Fleet Street*.

Starring Keith Ballard and Terese Garguilo, *Sweeney Todd* boasts one of the Coast's strongest casts in recent memory and a 25-piece orchestra which includes a full string section.

The macabre tale, which includes Steven Sondheim's ("Send in the Clowns") grandest and most difficult score,

revolves around Sweeney Todd (Keith Ballard) — a mythical British Jack the Ripper of sorts — and his meat-piemaker accomplice in deeds most foul, Mrs. Lovett (Terese Garguilo).

Directed by Les Muncaster, *Sweeney Todd* promises to be a night of sheer theatrical magic. For tickets and reservations or information, call the Theatre at 435-0450.

Sweeney Todd will be presented at the Biloxi Saenger Theatre October 26-28.

On display:

Hillyer House in Pass Christian is hosting an art exhibit during the month of October. Forty-eight artists will be represented.

Included are "Color in Water" paintings by Cindy Strecker; "Brushstrokes" pottery by James Hale; and jewelry creations by Wayne Quintana.

For more details, call 452-4810.

Jackson resident Adrienne Moncrief will give a lecture on auras at Serenity Gallery and Bookstore October 19. She will be accompanied by Jackson artist Anne Enochs, who says she can visualize people's auras and includes them in portraits of her subjects.

Enochs will display some of her portraits during the lecture period.

Auras are described as colored light that some people claim to be able to see around others. Scientists investigating the phenomenon theorize that an aura is the manifestation of a person's bio-electric magnetic field, a force field created by the body's energy and which extends about 36 inches from the body. For more information, call 467-3061.

Elsewhere:

The 10th annual Grand Festival of Art will be held by the Eastern Shore Art Association at Marriott's Grand Hotel, Point Clear, Ala., Saturday and Sunday, Oct. 19 and 20, 10 a.m.-5 p.m.

This year's show will feature 80 award-winning artists from across the Southeast. There will be entertainment and food both days. Admission to the show is free.

For more information, call 1-205-928-2228.

Head Start starts the year healthy

Head Start pre-schoolers were given physical examinations Tuesday by the county health department. The list of checks included a complete blood count (CBC), a blood pressure reading, sight and hearing testing and a general physical. Below, Meagan Bounds opens wide for Anita Lott, R.N., for inspection of her throat; while Danny Dorsey raises his hand in recognition of the "beep" sound. Public health medical aide Deborah Hall runs the machine as teacher's aide Lula T. Jones instructs the children on how to respond.

Above, Meagan winces as Hall draws a blood sample from a pricked finger; Jones offers Meagan words of comfort. Below, Jessica Lewis' weight is recorded along with her height. (Echo staff photos by Jacqui Cochran)

SCB phone book features coastwide listings together

South Central Bell's new 1991 directory is coming to the residents of the Mississippi Gulf Coast. Delivery of the new directory began Oct. 2 and will include listings for the three coastal counties.

The directory cover commemorates the 200th anniversary of the 1791 signing of the Bill of Rights, the first 10 amendments to the United States Constitution.

Inside, for the first time the entire white page listings will be interfiled. All the white page listings now appearing in the directory will appear alphabetically in one section instead of having a different section for each exchange or town. In most cases, the community name will follow the listing.

Low rates make State Farm homeowners insurance a good buy.

"Red eye": Causes and solutions

CIRCLES OF CONFUSION

All about photography 'n stuff
By T.H. 'Doc' Toups

Q: Dear Doc, I know that the excessive consumption of adult beverages can cause a person to have red eyes, but every photograph I take of my blue-eyed ladyfriend seems to suffer from this "red-eye" phenomenon. What can I do?

Is she drinking too much? Am I drinking too much? Do I need a new camera? Do I need a new ladyfriend?

Thank you,
Ernest Beckemeyer III

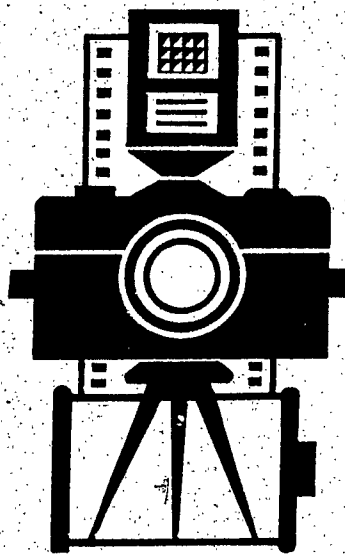

A: Dear Ernest, Find a large box and some balled-up newspaper or "bubble wrap." Wrap very carefully to avoid damage and mail your ladyfriend to me, here at the Echo, so that I may conduct a detailed analysis. This could take a few days, so I'll try to give you some guidelines to work with in the meantime.

If her eyes appear red to you in your black and white photographs, you could very well be drinking too much. In this case, a new camera will do little good. If she appears to have red eyes in all of your color photographs, shot under a variety of different lighting conditions, maybe she really does have red eyes and lied to you about them being blue.

If she appears to have red eyes only in color photographs, shot indoors, I'm willing to bet that your flash is the culprit! In the relatively dim light of most indoor locations, the pupil of the eye opens much wider than it does in bright daylight. The light from your flash passes through this wider-than-normal pupil opening and strikes the mass of blood vessels in the retina of the subject's eyes. This red reflection is what

causes the "red-eye" effect in many photos taken with strobe.

Blue and gray eyes reflect more light than darker eyes, as they lack the additional pigment of the latter. This makes them especially susceptible to red-eye. Many mammals (other than humans) have a layer of flat reflective cells behind their retinas, which cause their eyes to glow green or blue when struck by bright light.

Some modern cameras have a "preflash" function which emits a burst of strobe light just prior to the main flash used for the actual exposure. This causes the pupil to close somewhat and helps to avoid red eye. If your camera does not have this feature, the easiest way to reduce red-eye is to mount your flash off camera. The further away the strobe is from the axis of the camera's lens, the less the chance for red-eye.

The rule of thumb for lateral flash-lens separation is 1/30 the camera-to-subject distance.

This can usually be achieved by mounting your flash on a "hammergun" type bracket and connecting it to the camera with a standard PC cord. If your cord is long enough, you can simply hold the flash away from the camera with your free hand.

Holding your flash high and to the side of your camera will not only result in red-eye reduction, but will give your subject's shadows more attractive modeling as well.

If your camera has a built-in flash and no provision for bypassing it to use a separate strobe, your situation is more difficult but not impossible. Try to position your subject in the

brightest part of the room. The more ambient light falling on the subject's eyes, the more their pupils will close down and reduce red-eye.

My last suggestion is really one of the simplest. If in spite of your best efforts you are still plagued with red-eye, try retouching your prints with a black permanent marker! This requires no special skill and is much easier than it may sound. Work slowly and be careful.

Practice all of these techniques. You should have lots of time. I'll ship your ladyfriend back to you soon.

Best regards,
Doc

THESE PAGES BRING YOU THE WORLD AND YOUR HOME TOWN

Your newspaper is just a few cents' worth of paper and ink, but its real value is incalculable. It's your window on the world, or at least on your home town. Through it you learn what's happening, and perhaps some conflicting opinions about it. You'll read the publisher's views, those of some guest columnists, and in the letter section, those of your neighbors. You may be motivated to add your own on occasion. You will receive some good advice on health and other subjects, and learn of upcoming events in your community, including hearings on matters of local concern. Another vital service of your newspaper is the House of Worship directory, representing one more great freedom in this land of ours, of which your newspaper itself is a leading symbol.

Where the press is free and every man able to read, all is safe.

A DIFFERENT VIEW

By Traci Bonney

Falling into changes

Fall is my favorite time of year.

Oh, it is fall; don't let the temperature fool you. There's a crispness in the air that all but shouts "Autumn has arrived!" Never mind that you need a sweater only for about five minutes when you wake up in the morning.

Around here, when the humidity leaves, fall has come.

I'm glad we don't have just pine trees around here. Before I moved here, I spent six years in northeast central Mississippi (that phrase may not make much sense, but it is geographically correct). This time of year, the trees are putting on a display of color that has been matched only by some of the more spectacular sunsets I've seen in my short life.

So I'm happy we have some non-evergreens in town. Green is pretty, but so are red, yellow and orange. Brown I'm not too fond of, but you can't really stop

a leaf from dying once it's started.

I guess fall has always reminded me of change. Most of the big changes in my life have occurred in fall. Most of the recent residential moves I've made have taken place this time of the year, for instance.

In fact, I'm running true to form. I'm moving again in a month. Yes, the tent dweller is pulling up her stakes.

For those of you who have read my column faithfully for the last year and a half—and if you have, you should get a medal—you may remember that I moved about this time last year. Including moves into and out of dorms in college, this will be my 27th move—and I'm not 26 yet.

But that's okay. It's time for this relocation. I was beginning to get itchy to make a change in my life.

Besides, the new place is closer to the office.
